

**FINAL RULE  
SEED REGULATION CHANGES**

Changes to the regulations in Circular 10: Regulations on the Sale of Planting Seed in Arkansas (Under Authority of Sections 2-16-207 - 2-16-209, A .S.A. 1947).

**CIRCULAR 10**

**SECTION 2. LICENSING--REPORTING--LABELING.**

**L.** Certified Rapeseed must be Treated. All certified rapeseed being grown and/or sold in Arkansas must be treated with Benomyl, or Iprodione when approved, (or other registered and approved chemicals recognized to be equal to or greater than Benomyl or Iprodione in effective control of virulent Blackleg, *Leptosphaeria maculans*).
